Transfer-Out Report

June 2021

Oklahoma State University Institute of Technology
Okmulgee, Oklahoma

Office of Institutional Research

Introduction

The Transfer-Out Feedback Form is a self-report instrument that addresses the needs and expectations of respondents upon first arrival at OSUIT and perceptions of the transfer process from OSUIT to their subsequent transfer institution. Satisfaction scales were included in this survey that align with student satisfaction scales used in other surveys on the OSUIT campus. The respondents were also asked to provide their current grade-point average at their transfer institution in an attempt to identify some aspect of academic achievement after leaving OSUIT.

Method

The sample for the 2021 Transfer-out Feedback Survey consisted of students and graduates from the academic year 2019-2020 who transferred to another institution by the start of the spring 2021 semester as identified by National Student Clearinghouse data. Because the survey was administered online, students must also have valid email addresses on file. In total, 133 previously enrolled students were invited to participate. An invitation email was sent on February 23, 2021, with two follow-up reminders, each including the link to the survey. The survey closed on March 29, 2021, with eleven viable responses for an 8.27 percent response rate. With such a low number of responses, caution must be used when interpreting these results as they may not generalize to the population of transfer-outs overall. As expected due to the transferable Associate in Science (AS) degree offerings, 81.82 percent of respondents were enrolled in majors within the School of Arts, Science & Health.

Results

Levels of satisfaction and agreement in this report narrative have been summarized to reflect the combined percentages for the two positive responses in a scale, such as Somewhat Satisfied/Very Satisfied, and the two negative responses, such as Somewhat Dissatisfied/Very Dissatisfied. Please keep in mind, the respondents to this survey may have had their OSUIT experience disrupted by COVID 19. That disruption may have influenced some responses, particularly those regarding hands-on experience. In this group of 2019-2020 survey respondents:

- Gender skewed somewhat more female (63.64%) in 2021 than male (36.36%).
- 81.82% were in the School of Arts, Sciences & Health; the remainder (18.18%) were in the School of Creative and Information Technologies.
- 90.91% found OSUIT to be *as expected* upon arrival on campus.
- 100.00% had everything they needed upon arrival at OSUIT.
- 18.18% found that, over time, their expectations of OSUIT changed.
- OSUIT exceeded expectations for 45.45% and fell short for 9.09%.
- 90.91% report GPA at the transfer institution as 3.0 or above.
- 54.55% enrolled in courses they thought would meet general education requirements at their current institution.
- 36.36% reported earning an associate degree while at OSUIT.
- 54.55% reported transferring general education courses as easy/somewhat easy.
- 9.09% repeated one or more gen-ed courses taken at OSUIT after transfer to current institution.
- 54.55% needed to add gen-ed courses not taken at OSUIT upon transfer to current institution.
- 9.09% took more gen-ed courses than needed before transfer to current institution.

Levels of Satisfaction and Agreement

Satisfaction and agreement with statements regarding attitudes toward OSUIT were measured using scales commonly applied to other surveys on campus. The scales focused on the following areas: 1) academic programs, 2) student services, 3) gains acquired through OSUIT to show preparedness, and 4) summary items that reflect general satisfaction with OSUIT.

Transfer-Out Feedback Form, Revised February 2021

DRAFT

Class Climate	Transfer-out Feedback Form	SCANTRON.
		

Mark as shown: Please use a ball-point pen or a thin felt tip. This form will be processed automatically.
 Correction: Please follow the examples shown on the left hand side to help optimize the reading results.

Your views on how well your general education courses transferred will help us improve the process for others; it will also support our strategic planning and accreditation efforts.

- General education includes courses such as:
- 1) Reading/writing (composition, literature)
 - 2) Social sciences (history, sociology)
 - 3) Humanities (art/music appreciation, philosophy, ethics)
 - 4) Speech, foreign language
 - 5) Basic math and science

OSUIT greatly appreciates your participation and assistance in supporting our improvement initiatives, and we wish you great success in your continued academic endeavors.

Confidentiality Statement: All responses to this survey are strictly confidential. Published reports will not include any personally identifiable information. This information will be used by OSUIT to improve services for all students as well as for accountability and accreditation purposes. If you have any questions or concerns, contact Curtis Miller in Institutional Research at (918) 293-5498, or by email at iar@okstate.edu.

6.1 Additional comments:

By the way, you can still earn your associate's degree after you transfer by having the credits from your new institution applied at OSUIT! And, an associate's degree can result in reducing the number of classes needed for the bachelor degree. Contact the Reverse Transfer Coordinator at 918-293-4680 or email osuit.admissions@okstate.edu.

Thank you for your time and your feedback! It has been our privilege to provide both college-level career education in advancing technologies and general education for future academic goals. Thank you for choosing to work with us in this endeavor. Best wishes! If you have any questions or concerns, please contact our office:
